On February 1, 2000, PF.Net, LLC was informed by the Commission that in order to effectuate the name change, PF.Net, LLC must file a Petition requesting cancellation of the old certificate and issuance of a new certificate for PF.Net Network Services Corp. PF.Net, LLC is now in the process of preparing this Petition, and will file it with the Commission in the near future.

Due to the sensitive nature of this information, it is appropriate for the Commission to limit access to such information. The Confidential Information being provided is for the use of the Commission and its staff in exercising their governmental functions. There is no legitimate purpose to be served in disclosing this proprietary material to PF.Net's competitors or to any person other than the appropriate staff of the Commission.

Wherefore, PF.Net respectfully moves that the Commission adopt a Protective Order that will limit the availability of the confidential information to the Commission and its staff.

Respectfully submitted,
